Hi Ernesto,

Thank you for sending this updated information. With the demo dynamics, some changes were necessary to some of the traffic posts. I have updated my deployment to capture your list as it is in line with the most accurate operational requirements. Should this change we will notify you.

As much as we are happy for all the help offers we are receiving, the workload of my team has significantly increased. We are currently firming up a deployment plan to effectively and strategically deploy all resources. As discussed, the first and most effective assistance we could get is an increase of the valuable traffic support you have been providing us. Any additional intersections you could take would immediately have a positive impact and provide much needed relief for our officers. As for the remaining resources, we will get back to you shortly.

I was informed that the NOC was activated. Do you have any representative present in that center?

Marty

Hello Martin,

I am terribly sorry I could not get back to you earlier. We got asked to deal with a another emerging priority.

First off I would like to ensure that we are all on the same page.

1. We currently are manning 12 intersections (24hrs coverage).

- Post 1- Dalhousie and Rideau
- Post 2 - Sussex / George
- Post 3- Dalhousie/ George

- Post 4-William / York * (new post created today due to unforeseen protester traffic).
- Post 5 -McKenzie / Murray
- Post 6 - Sussex / Murray
- Post 7- Wellington / Sussex
- Post 8 - Kent / Wellington
- Post 9 - Booth / Wellington
- Post 10 - Bay / Sparks [REDACTED]
- Post 11 – Gatineau City side Pont Chaudière
- Post 12 – Gatineau City side

2. We also have 3 roving patrols consisting of 2 uniform members

We have requested additional marked PC to take on more intersections and free up your resources.

What is your anticipated ask for surge capacity we have approximately 140 officers coming in between now and Friday .

Our members are currently on a 13hrs schedule but we are flexible in order to align with your briefings.

Hi Ernesto,

It was great speaking with you earlier. I will await confirmation on the following:

- Number of doubled officers with a police cruiser
- Number of officers deployable on foot.
- The schedule parameters of your schedule and if there is flexibility to adjust your schedule to align with of our event briefings and deployments (0600-1300-2100).

I'm also looping in Sgt.Nelson Rowan who has already been liaising with your organization,

Marty

Good afternoon,

Thanks for reaching out to coordinate our staffing and deployment. I have included by S/Sgt Julie Mann and S/Sgt Marty Groulx on this email. They are working in our Service Command Centre, working with the planning, staffing and allocation of resources. They will be the best people to coordinate with on the logistical side. Once they are on the ground in the main footprint, we have operational oversight facilitated through NCRCC.

If I can be of further assistance, please let me know.

Russell

Hello Inspector Russell,

As requested here is the information you asked for:

The City of Ottawa has requested peace officer resources to assist the Ottawa Police Services with this incident.

The RCMP has established [REDACTED] for a contingent of RCMP officers that will assist the OPS in their mandate.

Insp. Dave Falls is the OPS/IC and he will be working out of the NCRCC.

We would like to establish communication guidelines with your service to better serve your mission and effective coordination of our assets.

Currently we are manning [REDACTED] and in addition we were asked to provide [REDACTED]

The goal is to have our commander talk and liaise with each other whether it be on site or at the NCRCC.

If you are not the right contact for this ask, may we ask you to direct us to the proper person.

Thanks you
